

# Sim2do

## Spitfire Mk IX

### INFORMATION SHEET

Now, you can experience piloting the real thing in a truly immersive, scratch-built simulator, with a complete replica cockpit, fully functional analogue dials, controls and tactile feedback, surrounding you in the sights, sounds and feel of the iconic machine. Built by Sim2do, everything from the design of the seat to the cosmetic de-icing systems, at an extraordinary level of detail, to produce one of the most evocative, immersive simulators available on the market today.

#### **Experience**

Briefing and a flight in our training simulator. This is to enhance your knowledge in ground handling, flight control performance, taxi, take-off and landing, followed by the remainder of the experience duration at the controls of the Spitfire Simulator.

**At Sim2do Flight Simulators, safety is our utmost priority. To ensure a safe and enjoyable experience for everyone, we ask that our customers meet the following restrictions:**

Maximum Weight 110kg  
Minimum Height 160cm  
Maximum Height 193cm  
Good eyesight

#### **Physical Ability**

Getting in and out of the simulator is physically demanding and requires good mobility, balance and co-ordination. The rudder pedals controls are like real aircraft and need good leg strength to operate them. Please make sure the pilot is aware of these constraints before purchasing a voucher.

The cockpit is not suitable for wheelchairs.

No under 12 and under 16 to be accompanied by an adult.
