

Sim2do

F35-B Lightning Jet

INFORMATION SHEET

The F35-b Lightning Jet is the ultimate aircraft for adrenaline junkies and aviation enthusiasts. Combining speed and agility with advanced technology, this jet is capable of performing a wide range of missions. Its advanced stealth capabilities make it nearly invisible to enemy radar, making it the perfect choice for any mission. Now, you can experience piloting the real thing in a truly immersive, scratch-built simulator, with a complete replica cockpit, fully functional controls and tactile feedback, surrounding you in the sights, sounds and feel of the iconic machine. Built by Sim2do, everything from the design of the seats to overhead, at an extraordinary level of detail, to produce one of the most evocative, immersive simulators available on the market today.

Mission

Your mission will incorporate a 20 minute pre-flight briefing with instrumentation familiarization. The remainder of your experience will be at the controls of the F35-B. Departing from Marham, then carrying out some flying manoeuvres to get you to understand the flight capabilities of the aircraft. Then, flying to Cromer for a landing on an aircraft carrier and flying back to Mildenhall for a tricky conventional landing.

Limitations

At Sim2do Flight Simulators, safety is our utmost priority. To ensure a safe and enjoyable experience for everyone, we ask that our customers meet the following restrictions:

Maximum Weight 130kg

Minimum Height 130cm

Maximum Height 200cm

Good eyesight

No under 10 and under 16 to be accompanied by an adult.

Physical Ability

Getting in and out of the simulator is physically demanding and requires good mobility, balance and co-ordination. The rudder pedals controls are like real aircraft and need good leg strength to operate them. Please make sure the pilot is aware of these constraints before purchasing a voucher. The cockpit is not suitable for wheelchairs.
